## WARNING

This document contains classified information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive TALENT-KEYHOLE information. Its security must be maintained in accordance with KEYHOLE and TALENT regulations.

## PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the NPIC Photographic Analysis Group.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training area or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

## SUMMARY

25X1A Volnoye Army Barracks Samara River East  
25X1A is 1 of 3 military installations in the vicinity of  
25X1A Volnoye (Figure 1). Volnoye Army Barracks  
25X1A Samara River East, Volnoye Army Barracks  
25X1A Samara River North [REDACTED] and  
25X1A Volnoye Training Area Samara River Bend  
25X1A [REDACTED] were all formerly listed in  
the Bombing Encyclopedia as Volnoye Army  
Barracks and Maneuver Area Peschanka [REDACTED]  
25X1A [REDACTED]  
Volnoye Army Barracks Samara River East  
is located 7 kilometers (km) south-southeast  
of Volnoye (Figures 2 and 3). This installation  
covers 560 acres and contains 3 administration  
buildings, 16 barracks, approximately 100 of-

ficers/dependents quarters, 9 storage buildings,  
50 support buildings, 17 vehicle sheds, 2 athletic  
fields, 2 small-arms firing ranges, and 3 areas  
similar to subcaliber-weapons firing ranges.

The barracks area was covered by [REDACTED]  
TALENT photography and by KEYHOLE mis-  
sions between [REDACTED]

Comparative analysis reveals no significant  
changes in the buildings; however, the 2 small-  
arms firing ranges and the 3 areas similar to  
subcaliber ranges were added between [REDACTED]

[REDACTED] This installation  
was moderately active during the summer  
months; no activity was observed in the winter.

## DESCRIPTION OF INSTALLATION

### Road Service

Probable all-weather secondary roads pro-  
vide access to this area from Volnoye and Novo-  
Moskovsk.

### Administration and Troop Housing Areas

Area D1 contains approximately 100 of-  
ficers/dependents quarters (not shown in Fig-  
ure 3), and 5 support buildings.

Area D2 contains 2 administration build-  
ings, 12 barracks, and 9 support buildings.

Area D3 contains 1 administration building,  
4 barracks, and 9 support buildings.

### General Storage Area

Area E contains 9 storage buildings and 2  
support buildings.

### Other Buildings and Facilities

Scattered throughout the installation are 15  
support buildings.

### Equipment Storage/Maintenance Area

Area J contains 17 vehicle sheds, each  
approximately 230 by 30 feet, and 10 support  
buildings.

### Athletic Fields

Area K contains 2 athletic fields; both fields  
were constructed prior to [REDACTED]

### Small-Arms Firing Ranges

Areas L1 and L2 are small-arms firing  
ranges measuring 145 by 30 feet and 360 by  
50 feet, respectively. Both of these ranges  
were constructed between [REDACTED]

### Unidentified Facilities or Track Activity

Area T contains 3 unidentified rectangular  
facilities, measuring 325 by 260 feet, 325 by  
160 feet, and 360 by 65 feet. These facilities  
are similar in construction to subcaliber-wea-  
pons firing ranges observed at Oster Army  
Barracks Vypolzovo, but the scale of the photog-  
raphy precludes positive identification.
